For students exiting from current undergraduate programme (multi-entry/exit), graduates with a Certificate in Dental Hygiene, Diploma in Dental Therapy must have a minimum of 3 years work experience at that level from the date of successful completion of training. In such a case, such an applicant to sit for any specific or general examination as a prerequisite for any such enrolment, or may enrol only to certain prescribed courses that must be passed to progress further (UASR p.28 6.8.2).

Applications from candidates who have already completed the MBBS programme will be only considered if the candidate has a minimum of 3 years work experience at the level of specialist practice in order to enrol at the MBBS level and obtain a full registration. The MBBS candidate must have obtained a minimum aggregate mark of 55% on the entrance examination of admission. The University reserves the right to decline admission to applicants who may have the necessary academic qualifications, but who may lack any necessary physical or medical attribute that may, in the University's view, limit them in acquiring the knowledge or skills required to complete the programme of study at these levels on the basis of their maturity, work experience or prior learning. The Dean may require such an applicant to sit for any specific or general examination as a prerequisite for any such enrolment, or may restrict enrolment only to certain prescribed courses that must be passed to progress further (UASR p.28 6.8.2).

Regional and international applicants will need qualifications assessed by the Pacific Community (SPC)'s Educational Quality and Assessment Program. Any clinical attachment performed without registration will be nullified. Any clinical attachment performed without registration will be nullified.

1. A pass in Year 13 Examination or equivalent with a minimum aggregate mark of 250 out of 400 including English, Biology, Mathematics, and Chemistry or Physics OR;
2. A pass in Full Foundation Science programme with a minimum Grade Point Average (GPA) of 3.75 out of 4.5 or 3.75 out of 5.0 including a pass in English, Mathematics, Biology, and Chemistry or Physics OR;
3. A pass in full Foundation Science programme with a minimum Grade Point Average (GPA) of 3.75 out of 4.5 or 3.75 out of 5.0 including a pass in English, Biology, Chemistry, Mathematics, and Physics OR;
4. A pass in full Foundation Science programme with a minimum Grade Point Average (GPA) of 3.75 out of 4.5 or 3.75 out of 5.0 including a pass in English, Mathematics, Biology, Chemistry, and Physics OR;
5. A pass in full Foundation Science programme with a minimum Grade Point Average (GPA) of 3.75 out of 4.5 or 3.75 out of 5.0 including a pass in English, Mathematics, Biology, Chemistry, and Physics OR;
6. Applicants may also be admitted to the Bachelor of Nursing programme who may not meet the requirement in any of the above-mentioned indicators, but who are able to demonstrate their ability to succeed in programmes at these levels on the basis of their maturity, work experience or prior learning. The Dean may require such an applicant to sit for any specific or general examination as a prerequisite for any such enrolment, or may restrict enrolment only to certain prescribed courses that must be passed to progress further (UASR p.28 6.8.2).

7. All enrolments must be approved by the BN programme coordinator at the SON at the CMNHS.
8. Applicants who have completed the MBBS with an aggregate mark of 68% will be considered for enrolment at the MBBS level and obtain a full registration. The MBBS candidate must have obtained a minimum aggregate mark of 55% on the entrance examination of admission. In such a case, such an applicant to sit for any specific or general examination as a prerequisite for any such enrolment, or may enrol only to certain prescribed courses that must be passed to progress further (UASR p.28 6.8.2).

9. Applicants who have completed the MBBS with an aggregate mark of 68% will be considered for enrolment at the MBBS level and obtain a full registration. The MBBS candidate must have obtained a minimum aggregate mark of 55% on the entrance examination of admission. In such a case, such an applicant to sit for any specific or general examination as a prerequisite for any such enrolment, or may enrol only to certain prescribed courses that must be passed to progress further (UASR p.28 6.8.2).

10. Applicants who have completed the MBBS with an aggregate mark of 68% will be considered for enrolment at the MBBS level and obtain a full registration. The MBBS candidate must have obtained a minimum aggregate mark of 55% on the entrance examination of admission. In such a case, such an applicant to sit for any specific or general examination as a prerequisite for any such enrolment, or may enrol only to certain prescribed courses that must be passed to progress further (UASR p.28 6.8.2).

11. All courses leading to the degree of Bachelor of Dental Surgery must be successfully completed in a period of not more than 4 years from the date of admission.

Note:
1. Any student who is a candidate for a degree and who is not taking the examination may, at the discretion of the appropriate Senate, be permitted to sit for any specific or general examination as a prerequisite for any such enrolment, or may be restricted enrolment only to certain prescribed courses that must be passed to progress further (UASR p.28 6.8.2).

2. Any student who is a candidate for a degree and who is not taking the examination may, at the discretion of the appropriate Senate, be permitted to sit for any specific or general examination as a prerequisite for any such enrolment, or may be restricted enrolment only to certain prescribed courses that must be passed to progress further (UASR p.28 6.8.2).

3. To gain entry into the Master of Medicine in Ophthalmology - Anaesthesia (MMED ANA) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (SGR) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Surgery (MMED SGD) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (SGD) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Internal Medicine (MMED IMI) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (IMI) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Paediatrics (MMED SPD) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (SPD) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Medicine (MMED MED) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (MED) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Paediatrics & Surgery (MMED SPDSD) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (SPDSG) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Internal Medicine & Surgery (MMED IMDSG) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (IMDSG) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Research (MMED MEDR) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (MEDR) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Surgery & Research (MMED SPDSG R) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (SPDSG R) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Internal Medicine & Surgery & Research (MMED IMDSG R) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (IMDSG R) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.

To gain entry into the Master of Medicine in Ophthalmology - Research & Surgery (MMED MEDSR) programme (MMED 1 to MMED 3):

1. A minimum of 65% overall mark in SGR801.
2. PGDO award (but less than 65% overall mark in SGR801), together with a mandatory entrance/general exam with a minimum score of 65% or equivalent in the repeat year for the course SGR801.

For those who have obtained the PGDO and with a minimum of 65% but have exceeded the maximum 3 years post-qualification (as specified above) for entry into MMED (MEDSR) will be required to pass the entrance/general exam (>65%). Applicants should be a citizen of a Pacific Island country; outside applicants may be considered.

The above points must be obtained within the previous 3 years of the proposed year of entry.
