MOTOR VEHICLE ELECTRICAL ELECTRONICS

National Trade Testing Scheme

Care | Honesty | Accountability | Service | Excellence

**GET
YOUR
SKILLS
CERTIFIED**

The National Trade Testing Department is now offering and accepting applications for Motor Vehicle Electrical Electronics (MVEE) trade test. All tradespersons in need of a nationally recognised qualification are advised to under take this opportunity to get their skills certified.

Levels of tests under the national trade testing scheme (as required by 1976 Fiji National Trade Testing Regulations) are:

| | Normal | Special |
|--|-----------------|-----------------|
| Class III – Assistant Tradespersons Level | \$200.00 | \$480.00 |
| Class II – Qualified Tradespersons Level | \$300.00 | \$640.00 |
| Class I – Supervisor Level | \$400.00 | \$800.00 |

There are no minimal educational requirements, which means that candidates with some or no formal training are entitled to demonstrate their level of skills against the established standards, provided that they have the necessary trade or industry experience.
