

ANNUAL REPORT 2014

So much to see and so much to do

We are always at your service

Exceptional customer service

FIJI NATIONAL UNIVERSITY LIBRARY SERVICE

FNU University Librarian

MESSAGE FROM THE UNIVERSITY LIBRARIAN

I am particularly glad to write a message for the 2014 annual report of the FNU library services. We have created an environment at Fiji National University campus libraries that I believe is resourceful, and our staff of dedicated professionals and paraprofessionals help you at all times to fulfill your informational needs. We strive to offer an array of information related services that help make FNU family an informed and resourceful community. The past year has been a challenging one for the Library, as it developed its strategies in conformance with the Strategic Plan 2020.

Our library continues to be the only ISO certified library in the South Pacific under ISO 9001:2008 certification. In concluding, I am confident that the Library Service at FNU is well placed to meet the challenges that lie ahead. I wish to express my gratitude and gratefulness to our valued stakeholders for being with us in the last year making comments valuable for the development of our services. Also, I take this opportunity to thank the team in FNU libraries for their great enthusiasm, commitment and dedication for developing a better library service year by year. I also want to convey my appreciation to the Senior Management Group (SMG) of the University for the support extended to me during the past year. I look forward to your continued support in the year ahead.

Chaminda Jayasundara

A user at Nasinu Library

RESOURCES

Different types of information resources available in all FNU libraries forming the various collections: General, Reference, Pacific, Close Reserve, Newspapers, Fictions, Archives, Periodicals, and Audio Visual as at the end of 2014.

The Table below states the total resources capacity available in the library in 2014.

Resources	Total
Total number of printed books	138,285
Print Periodicals	330 Gratis/Gifts
Electronic and Online Databases Subscription	51 electronic and online databases of resources
e-books	More than 78,060
Full text Journal titles	More than 38,000
OPAC Terminals	30
Internet Dedicated Workstations for users	397
Number of branch Libraries	16

ELECTRONIC INFORMATION RESOURCES

FNU Library stays in increasing its electronic resources. The Library continues to support teaching, learning and research by purchasing and making accessible to high quality electronic resources. The transition from print journals to electronic journals is evident in the reporting of access to more than 38,000 unique journal titles in full text, with most available from on campus as well as off campus. Currently no periodical subscriptions are made in print form except 330 Gratis/Gifts. Electronic books continue to grow in popularity. Over 78,060 eBooks are available in the collection in 2014.

NEW E-RESOURCES

The following new electronic databases were added to the Library collection during the year 2014. All these databases were received under the MOA signed with EIFL in Europe.

Demonstrating library facilities to
Form 7 students in Labasa

Database	Number of journal titles
Nature	118 journals
Intellect Journals Collection Performing and creative arts	100 journals
Institute of Physics Journals	74 journals 62 books
Oxford Journals Collection	300 journals
Oxford English Dictionary Online	1
Cambridge Journals Online	330 journals
Edward Elgar's Journals and Development Studies eBooks	5 journals and 168 e-books
Total	927 journals, 62 books and 1 dictionary

Deputy Chair of the FNU council, Mr. Arvind Maharaj at Koronivia Library

NEW PRINT ACQUISITIONS

The "Physical Collection" continued to grow, and the number of volumes added to the collection was monographs. We have spent FJD 405,198.86 amount for purchasing print materials to the library during 2014.

DONATIONS

The library received generous in-kind donations of books relating to teaching and learning of the university from a number of supporters. Thanks to the support of our generous donors, the FNU libraries continue to enhance its library collection. Their generosity and thoughtfulness help make a difference in the lives of our students at FNU. We serve and further our mission in providing quality education to the nation by working together with our well-wishers as our goal is to truly build a better tomorrow for our students.

A salute to our valued customers

Our library users continued the services in round-the-clock access environment of our five larger libraries. The operations were successful with lots of highly encouraging and enthusiastic commentaries from users end in relation to the 24/7 library services at Pasifika, Samabula, Nasinu, Koronivia and Lautoka libraries. All other services are also available as part of this round-the-clock service that include issues and returns, photocopying, printing, laminating and binding etc. However, in other libraries, when there are needs which fall outside regularly scheduled hours, special arrangements were made. Thus, hours were adjusted some times during 2014 to accommodate user needs, such as scheduled classes, or trimester breaks.

SUPPORTING TEACHING, LEARNING AND RE-SEARCH

Heavy workload behind the screen

Information Literacy has now been recognized as a core competency for academic success and employability. Thus, it falls under the core areas of the current Library affairs at FNU.

In the academic year, a total of 178 sessions were devoted to providing Information Literacy, Referencing management, Avoiding plagiarism and Subject-Specific Group training. Campus Librarians delivered a total of 86 Information Literacy skills sessions to a number of academic staff, students and researchers during the year 2014. Additional sessions were conducted to delivering training in the use of the bibliographic software tool, Refworks and Turnitin. Following table gives a full breakdown by campus, the number of sessions and the staff who conducted these sessions in the 2014 academic years. Induction is also an essential element of supporting the student experience and in keeping with this, FNU library orientation sessions were also offered to all new students at the start of the year. A number of orientation sessions were also held by campus librarians and other library supervisors during 2014.

Library	In-charge librarian	No of IL sessions for students	No of IL sessions for staff	No of Turnitin sessions	No of Ref-work sessions	No of Database training sessions

FIJI NATIONAL LIBRARY CONSORTIUM

The principal purpose of our national consortium is to leverage the collective purchasing power of the consortium members. Being the focal point of the Fiji National Library consortium, FNU library played the leading role to receive some high quality databases from EIFL. EIFL negotiated with a number of publishers for several databases and we received free access to some electronic databases and largely discounted prices for several databases. The following databases were given by EIFL to Fiji National Library Consortium at “No-Cost basis”. We truly appreciate the generosity of the EIFL for the development of teaching, learning and research in the developing countries which includes Fiji.

- Edward Elgar Journals and Development Studies Ebooks
- Intellect Journals Collection
- IOPscience
- Nature Publishing Group Journals
- New England Journal of Medicine
- OECD-iLibrary
- Oxford English Dictionary Online
- Oxford Journals Collection
- Oxford Quick Reference
- Pediatric Neurology Briefs

EIFL was able to negotiate with publishers for the following databases and we received largely discounted prices for them. All 10 member libraries including University of the South Pacific, University of Fiji, Forum Secretariat, and Secretariat of the South Pacific Community etc. were given opportunity to subscribe to these resources at a largely discounted rate. They were:

- Wiley Online Journals
- Cambridge Journals Online
- Hein Online
- Royal Society Publishing
- Duke University Press
- EBSCO Discovery Service

WEBINAR TRAINING SESSIONS

EIFL conducted two webinars in 2014 and all members of 10 member libraries were invited to attend them.

Webinar 1: What is text and data mining? What do librarians need to know? This was held on Thursday 6th February 2014. Benjamin White (Head of Intellectual Property at the British Library) provided a clear introduction to what text and data mining is, and how it differs from other methods of information retrieval - for example online search engines and resource discovery tools. He discussed the copyright framework, and the changes needed so that libraries can help researchers to advance knowledge, as well as how requirements for text and data mining impact on license agreements with publishers.

Webinar 2: New EIFL model license for e-book purchases was held on Thursday 23rd January 2014. EIFL legal consultant Emanuella Giavarra provided an overview of how the new license for perpetual access to e-books works, plus a detailed examination of key clauses. She also highlighted the differences between this new license and the EIFL model license for datasets and e-book subscriptions.

Thanks EIFL for giving us the opportunity to be all that we are capable of being and for recharging our knowledge, skills and enthusiasm. These training sessions were one of the most intensive and mind opening exercises that we could attend in 2014.

CURRENT AWARENESS SERVICES (CAS)

The library provides Current Awareness Service to keep the user community informed promptly of all the acquired materials in their fields of work and academically nascent thoughts to our wider user community electronically.

The Acquisition department of the library informed the FNU family through the display list about the **new arrivals** as well as news and thoughts which boost the intellectual stimulation of the members of our community to rethink about the meaningfulness of their lives, contributions and services. The statistics of the service is as follows.

The office Administrator : a moment from her busy schedules

Year	Total CAS Display through FNU PR				Total
	Books /CDs/ DVDs	Print Periodicals	E-Resources & Other Display	Food for Thought	
2011	23	24	12	-	59
2012	23	24	12	-	59
2013	19	5	6	-	30
2014	20	9	14	8	51

May I help you ? Friendly staff in circulation counters

CIRCULATION TRANSACTIONS

The Circulation Department administered 112,589 circulation transactions (including charges, renewals, and reserve items). Of those transactions, approximately 98% were attributed to students, which included Academic users and Undergraduates and 2% to non-academic users, Courtesy patrons, including VIPs, guests and outsiders.

INTER-LIBRARY LOAN SERVICES

The overall number of requests received by the Inter Library Services of FNU Library decreased again this year, even though the number received from other libraries increased.

Analysis of the statistics provides a few insights into the service of the FNU Library provided to its patrons. Also, a number of articles were sent to patrons by email attachment this year.

Promoting services at Pacifica Campus

COLLABORATION IN WIDENING PARTICIPATION AND ACCESS INITIATIVES

The Library continues to develop excellent working relationships with other universities in the country in terms of resource sharing. This year in particular, the Library has collaborated extensively with the other two universities and some academic and special libraries in the country.

Camaraderie between FNU and FLA

The Fiji National University Library played an evening host in partnership with the Fiji Library Association (FLA) on the basics of writing winning grant proposals for libraries.

The event was held at FNU, Nasinu on 29th August 2014. The theme was collating knowledge and resources on the best practice for writing winning grant proposals and motivating librarians to apply for sources of possible funding. Twenty people from different organizations attended the event in an exchange of ideas that enhanced the camaraderie between the FLA and FNU. The University librarian expressed his views in the gathering that “we have already initiated the Fiji National Library Consortium and all libraries are currently benefiting from the results of it. Our higher education programmes provide each librarian and potential librarian with the highest level of education as they prepare to become tomorrow’s library leaders in the country”.

He further said that “We decided to partner with the Fiji Library Association and host this evening to provide an opportunity for them to have a good relationship with FNU and to encourage librarians to develop grant writing proposals in order to develop innovation in the strategies and services in their libraries. I have no doubt that this event will provide the much needed linkage between FNU and the FLA while developing the skills and expertise of our library community”.

Speaker at the event, Dr. Shyam Mahakalanda, posed questions such as “Donor funding is a scarce resource or isn’t it? Is there an absolute shortage or a relative shortage?” He stated that there is a large demand for donor funds but that there is also a very large proportion of unspent donor funds available.

Group discussions

ISO 9001:2008 ACCREDITATION

standards/ISO certifications which are all entrenched in our service process. This unique culture drives our business towards a world-class library service in the South Pacific. The greatest challenge to change is a given foreseeable future as we continue to plan and prepare for a better move of the Library at all FNU campuses in 2015 and the delivery of a rich user oriented culture to cater all informational needs of our clients. We aim to be ambitious in our vision for service delivery and will continue to engage with our partners both internally and externally to ensure that we can deliver a much better service to all our users. All ISO internal and external audits were conducted in 2014 and all internal and external audit reports were satisfactory and our processes do comply with the prescribed standards and no major/minor NCR was raised by the auditors.

Therefore, we vow our pledge to follow the ISO 9001:2008 principles to ensure customer satisfaction and to build dynamic leadership quality, improve technology, follow best business practices, achieve best business results in the coming years.

Relax reading at Nasinu Library

ICT FACILITIES

A diverse array of ICT facilities in libraries for academic staff and students are existed as mentioned in the table below. It was observed that there was a need to develop a robust infrastructure which includes computers, for accessing the latest world of information. A proposal to have ample number of computers at most of the libraries was sent forth. As a result, most of the libraries got the computers for their users. For the remaining libraries, the project is in the pipeline. Computer availability continues to be of a high priority to our students. The Library has employed a manual system to manage the usage of computers across all FNU campus libraries. Following table indicates the ICT and ICT related facilities available for the users.

Campus Library	Computers with Internet	Barcode Scanners	Printers	Flatbed Scanners	Photo-copiers	Electronic Security Gates	Wi-Fi availability

Serious cramming at Nasinu Library

WHAT STUDENTS DO IN THE LIBRARY

The Head Count has always been the library's measure of traffic in and out, and one of the indicators of library usage. Last Trimester in 2014 in-house usage of the library was tracked for three months. Following table indicates what our students do in the library which indicates a real picture of the library usage in cross sessional data collection. However, we should not forget that December was the holiday period for the students. However, it is quite interesting to see that our users have not largely abandoned the library during holiday seasons.

Indicators (This indicates the every hour head counts of the full months)	Nasinu			Samabula		
	OCT	NOV	DEC	OCT	NOV	DEC
Total number of users in the library	17,014	14,365	10,068	25,989	22,002	9,727

CUSTOMER SATISFACTION SURVEY

The Annual Customer Satisfaction Survey was designed to provide library with a wide range of information covering user satisfaction, user sentiments etc. This survey meets the requirements of the ISO 9001:2008 survey by providing importance and satisfaction ratings for the major library services and facilities as well as scores for satisfaction with the overall library services. We did this survey willingly because we are here to serve the wider user community and we want to know where we need to lift our service delivery. We distributed more than 500 questionnaires in 2014 and requested our valued customers to rate a range of our services that they are currently consuming in the library. We found that our valued customers are largely satisfied with the services we provide. However, we identified some areas where we can do much better.

The feedback was generally positive - there is a high level of satisfaction with FNU library services, as indicated below.

NTPC Library:

Students have requested for more computer's and library books. (no specification provided with regards to which type of books)

As per the questionnaire the Librarian is very helpful and explicit as well.

The library has sufficient study space as well as hours of service.

Labasa Library:

Librarians are very helpful.

Students requested printing, photocopying charges to be reconsidered as they find it quite high.

Students requested for more books in relation to management and accounting.

Koronivia Library:

Student’s need more study space.
 Students also necessitate a discussion area.

Some good feedback that we received form the majority of the students are given below.

Police Commissioner—Northern Division and some senior officers visited the Labasa Library

STUDENT ASSISTANTSHIP

Student workers are valuable to the library team. This year student workers staffed the library's house-keeping work, assisted the Technical Service Department in processing library materials, shelved materials filled Inter library Loan requests, and maintained the accuracy of the collection through shelf-reading.

This outstanding group of student workers accounted for a significant number of hours for the year. Students who worked in the library in 2014 as follows.

Student Worker	Library
Veniana Talei	Koronivia
Jim Baines	Koronivia
Shivneel Raj	Ba
Maika Vulicakacaka	Nasinu
Setiveni Naqame	Nasinu

UNACCEPTABLE BEHAVIOUR CASES

The following unacceptable behavior cases have been noticed in libraries during 2013, and 2014. In 2014, there is a 55% decline as we initiated new approach to educate in terms of library policies and we lifted the fine to \$ 200 per book.

University Librarian at INELI Oceania

ACADEMIC OUTREACH BY LIBRARIANS

As professionals, librarians reached out with professional engagement, and service in other organisations. This outreach is a reflection of the library commitment to the development and contribution to the outside world. Here are some of examples of academic outreach by library staff in the past year:

INELI-Oceania

The University Librarian of the FNU was invited by INELI-Oceania project in Australia to be a mentor of their 2nd cohort of the Library innovators' programme. The International Network of Emerging Library Innovators (INELI)-Oceania is based on the successful International Network of Library Innovators, an initiative of the Global Libraries project of the Bill & Melinda Gates Foundation in USA. The program is delivered in partnership with Australian Library and Information Association, Library and Information Association of New Zealand, National Library of Australasia, the National Library of Australia and National Library of New Zealand. The University Librarian attended its first convening which was aimed to build a strong network of outstanding library leaders who hold a shared vision for the future of libraries around the Oceania region. The first convening was held in Melbourne, Australia from 28 July 2014 to 1 August 2014 with 16 Australian, New Zealand and the South pacific participants known as *Innovators* who are working together over a two-year period to develop their skills in innovation, leadership and collaboration.

Staff is ready to service the users at Pacifica library

REVIEWING OF SCIENTIFIC MANUSCRIPTS AND SERVING IN INTERNATIONAL CONFER- ENCES

Tanveer H. Naqvi - Reviewed a manuscript for *International Journal of Library and Information Science* in 2014.

Tanveer H. Naqvi - Reviewed two manuscripts for *The Electronic Library* in 2014.

Tanveer H. Naqvi - Appointed as International Editorial Board Member for "Knowledge Librarian an International Peer Reviewed Bilingual E-Journal of Library and Information Science".

Tanveer H. Naqvi - Served to International Conference on Oceans & Rivers (ICOR-2014) as Scientific Review Committee Member.

Udya Shukla - Editorial/Advisory Board' form July 2014-June 2015 of "Asian Resonance" published from Social Research Foundation.

Minister of Agriculture at Koronivia library during the Open Day

Welcome to Pacifica Library

OPEN DAY

The open day was held on 18th July, 2014. It was great to see people from different academic groups, department, secondary school students with their teachers, members of the public FNU community. It is also a pleasure to have the chief guest, Minister of Agriculture and the delegation of the invitees visited the library. The theme of the open day was all about “Creating opportunities for all”. It is important not only to showcase teaching, learning, research & innovation, and recreational facilities at FNU, but also keeping the students, teachers and parents aware about the programmes offered at FNU.

The aims of the library event at the open day were:

- To showcase all Collections, Services and E-resources
- The ways we can assist our customers
- To focus on research need of our customers
- To give a preview of searching for Information through OPAC
- Marketing of Library Information system Programmes

Displays in the main locations covered the following:

- Newspapers Dated 1970's
- Handicrafts made from Coconuts
- Handicrafts made from VoiVoi (Pandanus)
- Pacific Writers
- Books for different departments (Forestry, Fisheries, Agriculture)

FNU Libraries at Koronivia, Pasifika, Labasa and Lautoka campus participated in open day event to showcase all the library collections and services, and to market the library and information systems programme to the general public.

Students at LIS classes

TEACHING COMMUNICATION AND INFORMATION LITERACY

The senior library staff taught the following modules in COM 501: Communication and Information Literacy module in 2014. To the end of the last year, Library staff taught to more than 600 students at FNU. This collaborative teaching approach is a particular focus for the Library, providing opportunities to engage students holistically with a broad spectrum of skills development related to information skills needed for their academic and lifelong learning.

2014	Topics Code	Topic Name
Trimester 1,2&3	COM 501-5.1	Formulating search strategies that will effectively and efficiently identify and locate relevant information
	COM 501-5.2	Identifying basic reference sources, online catalogues, periodical indexes
	COM 501-5.3	Retrieving information from sources effectively: Internet, library, textbooks, reference books, dictionary, and thesaurus
	COM 501-5.4	Evaluating information sources for accuracy, authority, objectivity, purpose, currency, and appropriateness
	COM - 501-7-1	Demonstrating an understanding of what constitutes plagiarism and academic integrity
	COM - 501-7-2	Posting permission granted notices, as needed, for copyrighted material. Avoiding plagiarism from their academic piece of work.

TEACHING LIBRARY AND INFORMATION SYSTEMS

The senior library staff taught the following modules in bachelor of Library and Information Systems programme in 2014.

Tri- mesters in 2014	Unit
1	LIS 501: Introduction to Library Science
1	LIS 602: Information Sources and Services
1	LIS 601: Introduction to Library Management
2	LIS 502: Bibliographic Control I
2	LIS 604: Managing Library Automation Projects
2	LIS 605: Collection Development and Management
3	LIS 503: Information and Communication Technology in Libraries
3	LIS 603: Bibliographic Control II
3	LIS 606: Digital Libraries and Open Access

Working hard to be a professional librarian: A LIS student Ms. Elesi Rawai from Forum Secretariat in Fiji

DEVELOPING AND OPTIMISING STAFF

We are in the opinion that we have an obligation to provide all employees with the tools necessary to perform their jobs successfully. Orientation and training are two elements that we focused on to start our staff development communicating clearly our expectations of what the library wants in terms of our staff's job performance. Through our trainings, we make it clear to our staff in technical service department, circulation counters or wherever in the library that we expect 100% accuracy level to meet our expectation. Thus, we conducted several training sessions and allowed our staff to attend different trainings organized by other entities.

Passionate to serve our customers in a friendly manner

SOCIAL EVENTS IN THE LIBRARY

We at library have had our share of joys and troubles, with everybody those who are in different faiths such as Christians, Catholics, Hindus, Buddhists etc. Our staff organized some events especially for Diwali, Christmas and new year celebrations. The picture in the left displays the Diwali celebration held at Nasinu library in a modern yet Indian way so that all employees can have a good time and stay in touch with their social and cultural roots of their colleagues.

Annual gathering at Nasinu Library

Happy Diwali at Nasinu Library
