

Annual Report 2016 Library

Library
Fiji National University

THE UNIVERSITY LIBRARIAN'S MESSAGE

The Library being the heart of the University stimulates and supports intellectual inquiry by developing collections and delivering quality services in a conducive ambience for the wider user communities of Fiji National University.

In the academic year 2016, the library took some important steps towards articulating its vision of further developing electronic information resource collection and delivering quality services while at the same time continuing to progress on our 2020 Strategic Plan. The Library empowers users

by providing access to the broadest range of information. Currently we have 157,863 printed books, 180,767 electronic books and more than 70,000 electronic journals for teaching, learning and research purposes.

As per our strategic plan, the library worked towards improvement of its online services where a significant highlight was the launch of our Unified Search Platform. By leveraging this platform, a single user interface is offered for searching of the library's entire electronic collection enabling its powerful features to enhance user experience, providing every single information the user needs in one place.

The library has also initiated and implemented Turnitin Moodle Integration with the support of the ICT Department. This service offers a complete web-based service to manage the process of submitting and tracking student papers electronically, providing quality feedback to students. The excellence of the library was also demonstrated by the user feedback and satisfaction survey through which the library was able to gauge the degree of user satisfaction, assess the user needs and discover the user needs for further development.

One of the key aims of the library is to develop a law collection to cater for the users in legal and other related programmes. To address this strategic requirement, the library received 313 new law books from University of Melbourne as a donation initiated by the College of Business in FNU. This initiative by the Law Research Service of the Melbourne Law School has strengthened the ties with Fiji National

University Library. Library has also subscribed to Halsbury's Law of England, which is the premier encyclopedic work for English Law.

Professional development trainings were also conducted for the library staff on 5s and ISO 9001:2015 standards. Since FNU library is ISO 9001:2008 certified, this training was of utmost importance due to the revision of the ISO 9001:2008 standards. The library was also introduced two new ISO procedures to ensure processes are standardized, guided and monitored.

The major challenge for the university library in 2016 was to recover the resources that were damaged during the cyclone Winston. At the same time it was necessary that old and less used materials were moved to allow space for the new materials in the library. Thus, the library conducted a weeding process to remove its out-dated collection and ordered current and up to date material for the users. The library also ensured to be on the track for successful completion of the Nursing and Nasinu library building extension for greater space.

The University library aspires to investigate and implement a preferred model for delivering customized services to all including remote and rural student's, acquiring eContent at best cost. Thus, our communities now have access to information contents in new and emerging formats providing services and more space which encourage our user community to engage with better learning environment.

Thank you.

Chaminda Jayasundara

UNIVERSITY LIBRARIAN

OUR VISION

The vision of the FNU library is to be a dynamic, inclusive and competitive world-class library, catalyst to scholarship and excellence to teaching, learning, research and community endeavors of the FNU.

OUR MISSION

The mission of the FNU library is to stimulate and support intellectual inquiry by developing collection and delivering quality services and conducive ambience for the wider communities of the FNU.

OUR VALUES

The library supports and delivers the wide values that shape and strengthen the University's mission. In addition, the library values:

- Professional and ethical behavior;
- User-focused resources and services;
- Consultative partnership with stakeholders;
- Individual and team contributions from staff for the creation of cultural excellence;
- Commitment to the personal development of staff;
- Flexibility, innovation and responsiveness;
- Forward thinking and planning and positive energy for success;
- Participation in decision-making;
- Reflection and self-evaluation through SWOT analysis; and
- Diversity as an asset and focused on Pareto (80/20) Law.

PROFESSIONAL STAFF

Dr. Chaminda Jayasundara, University Librarian

BA (Hons.), MSc (Sheffield, UK), DLitt (South Africa)

Dr. Tanveer Naqvi, Deputy University Librarian

BSc., BLISc., MLISc., Ph.D., (AMU Aligarh, India)

Dr. Udy Shukla, Chief Librarian

B.LISc., M.LISc., MSc. (Kurukshetra, India), M. Phil (Alagappa, India, Ph.D(SV, India)

Ms. Sushila Lal, Principal Librarian

BA, Diploma in LIS (USP, Fiji), MIMgt. (Curtin, Australia)

Mr. M.D. Sohail, Principal Librarian

BA, BLISc, MLISc (AMU Aligarh, India), MBA (JRN-RVU, India)

OUR GOAL 1:

**To build a broad
range of resources to
cater for all
disciplines**

RESOURCE CAPACITY

The Fiji National University Library system serves the informational needs of students, staff, researchers, visitors, alumni and the general public. The FNU Library is the first ISO 9001:2008 certified library in the South Pacific. The University has a total of 15 libraries located in FNU Campuses and Centers throughout Fiji. Different categories of information resources are available in all FNU libraries forming the various collections, specifically; General, Reference, Pacific, Close Reserve, Newspapers, Fictions, Archives, Periodicals, Thesis and Audio Visual.

The Table below indicates the total resource capacity available in the library at the end of 2016.

<i>Resources</i>	<i>Total</i>
Total number of Printed Books	157, 863
Electronic and Online Database Subscription	60
e-Books	191,179
Full Text Journal Titles	72,976
OPAC Terminals	30
Internet Enabled Workstations	321
Number of Branch Libraries	15

ELECTRONIC INFORMATION RESOURCE CONTAINS

<i>Name of the E-Journal Database</i>	<i>No of e-journals</i>

SUBSCRIPTION TO LEXISNEXIS ONLINE FOR HALSBURY'S LAW OF ENGLAND AND SCIENCEDIRECT - PHYSICAL SCIENCES AND ENGINEERING DATABASE

The FNU Library has subscribed to LexisNexis Online for Halsbury's Law of England and Science Direct - Physical Science and Engineering Collection. Halsbury's Law of England is very important as the premier encyclopedic work for English Law, seeking to provide a complete statement of the Law from all its sources. ScienceDirect is Elsevier's leading information solution which combines authoritative, full-text scientific, technical and health publications with smart, intuitive functionality so that users can stay informed in their field, and can work more effectively and efficiently.

OUR GOAL 2:

To adhere the
international
standards needed for
World-Class library
status

USER SURVEY

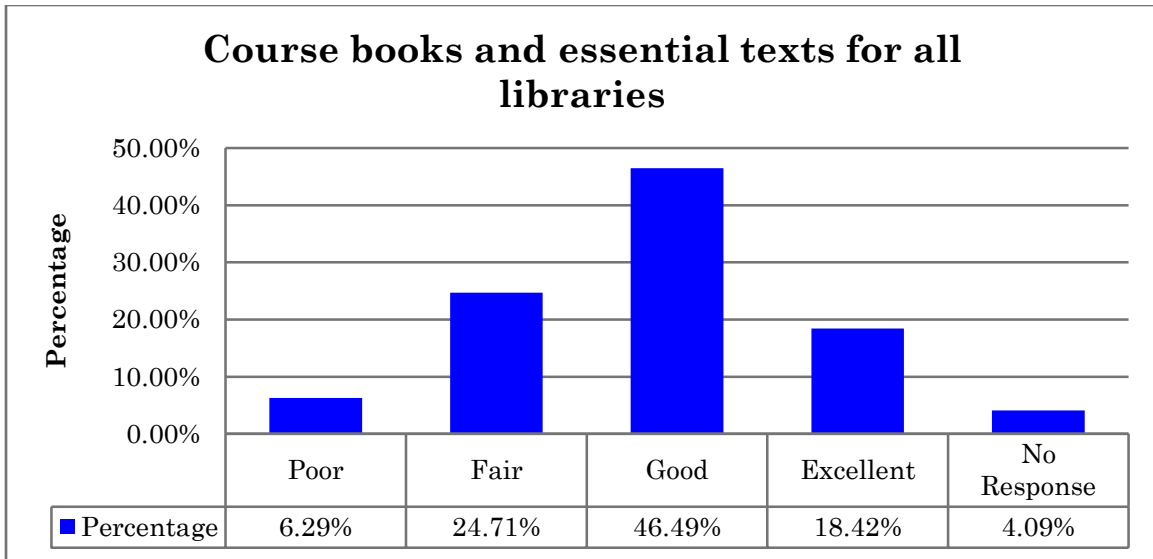

The Library User Satisfaction Survey was conducted from 15 April to 23 September, 2016. The survey sought information on users' views of the Library's collections, resources, equipment, facilities, services and management. Overall, the library has received positive response from the participants. The survey data was analyzed and graphs created for the library services for which there were the greatest scores on satisfaction.

Some significant findings and analysis of the survey is presented below through graphs showing the progressive results of FNU libraries:

Figure 1: Range of e- resources

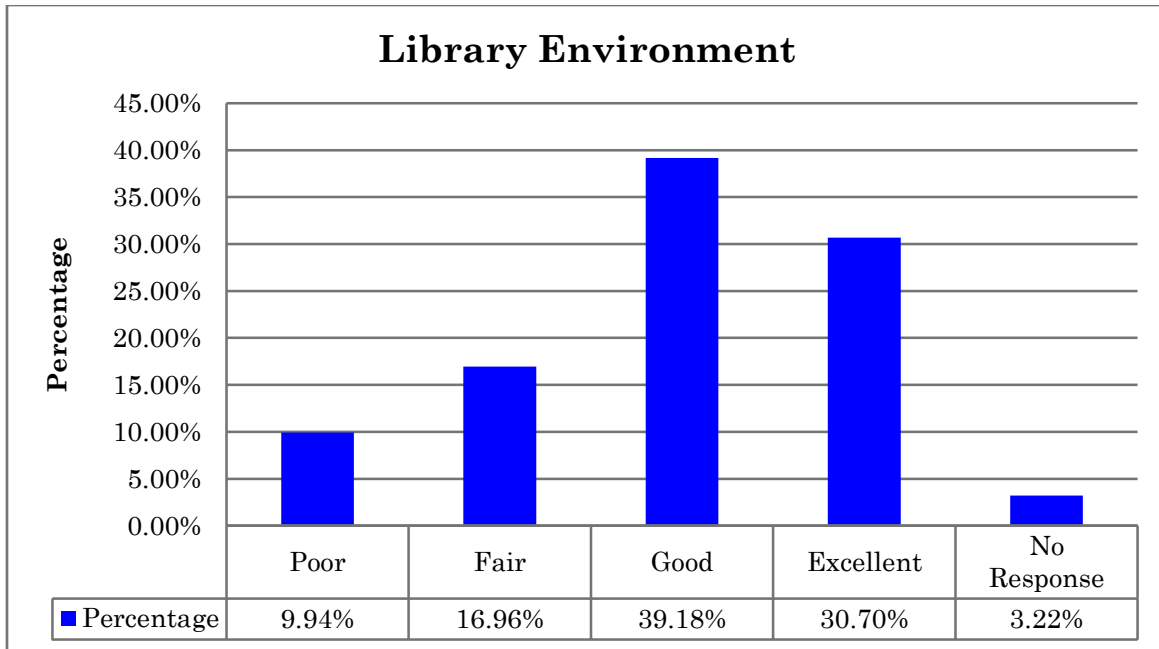

Most of the respondents indicated that range of e- resources was good, there were almost 4.68% of who stated that range of e-resources is poor. Respondents specified that there is a need to increase the collection of resources.

Out of 684 respondents, 46.49% stated that there was a good collection of range of course books and essential texts where else 6.29% stated that this service was poor. Students specified that there was a need for more course text books to cater for student demand.

Out of the 684 respondents, 31.58% stated that the library opening hours were excellent, 41.08% indicated that it was good and 17.69% said that it was fair. On the other hand, 6.29% said that it is poor. Some students were discontent with the library hours because they want the library to be open 24 hours so that they could get their assignments ready on time.

A higher number of respondents (39.18%) stated that the library environment was good, 30.70% said it was excellent while 16.96% specified it as being fair. However, 9.94% claimed it to be poor because there is some noise in the library since the private and discussion study rooms are not separate and students also use mobile phones in the library. Moreover, respondents complained of space problems since they are not able to get a place for them to study during exam times. Others expressed their views on the air condition problems and also of dusty furniture.

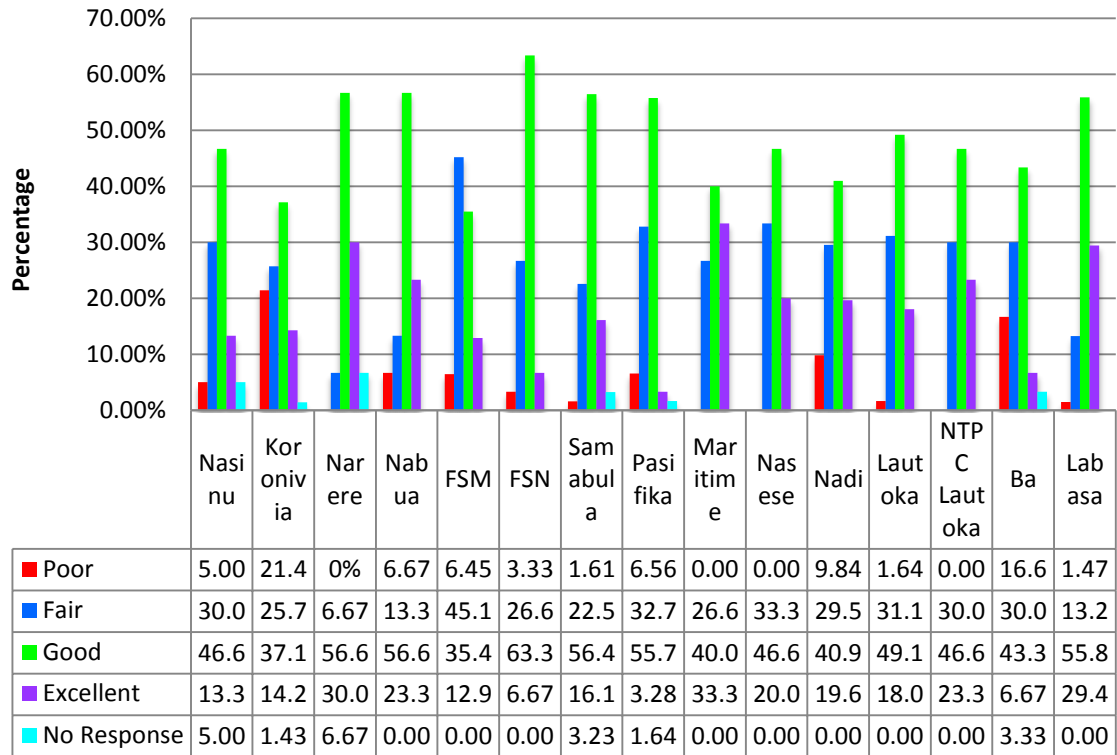

A majority number (45.17%) of respondents stated that the staff in the library was excellent with their jobs, 40.20% conveyed it to be good and 10.23% expressed that it

was just fair. Only a handful (2.19%) said that the staff was poor. The reasons for claiming the library staff service to be poor were because students often did not receive a welcoming smile and librarians were said to be a little rude, stubborn, and irresponsible and slow with the processes.

Out of 684 respondents, 48.68% stated that range of books are good, 26.32% stated that it is fair, while 6.00% of the total respondents indicated that it was poor. Students specified that there are not enough copies of text books; moreover there is a need for all latest edition books to be available in the library.

Range of Books for different Library Centers

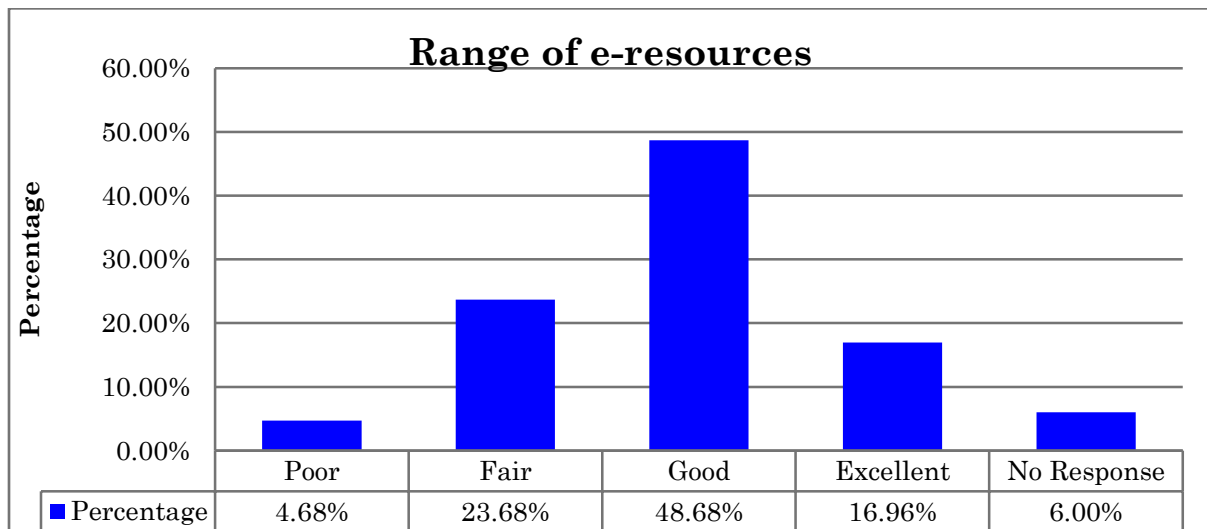

The above indicates that the range of books for all the fifteen campus libraries is 'good'. Labasa campus has the highest level of good range of books followed by Samabula, Pasifika, Lautoka, Nasinu, Koronivia and Nadi. Majority users indicated poor range of books for the Koronivia campus when compared to all other campus libraries, reason being that only few latest collections are available; however the graph also indicates that that there is more good range of books than the poor range for the Koronivia library.

The highest percentage (47.51%) of the respondents indicated that the range of periodicals are good, 28.80% indicated that it is fair, while 14.18% indicated that it is excellent. 5.12% stated that it was poor, since they faced difficulties in locating latest (updated) periodicals.

The graph shows that the range of periodicals for all the fifteen campus libraries is 'good' and 'fair'. Labasa campus has the highest level of good range of books followed by Nasinu, Koronivia Pasifika, Nadi and Samabula. Majority users indicated poor range of periodicals for the Koronivia campus when compared to all other campus libraries, as the users expressed that latest edition of periodicals needs to be made available.

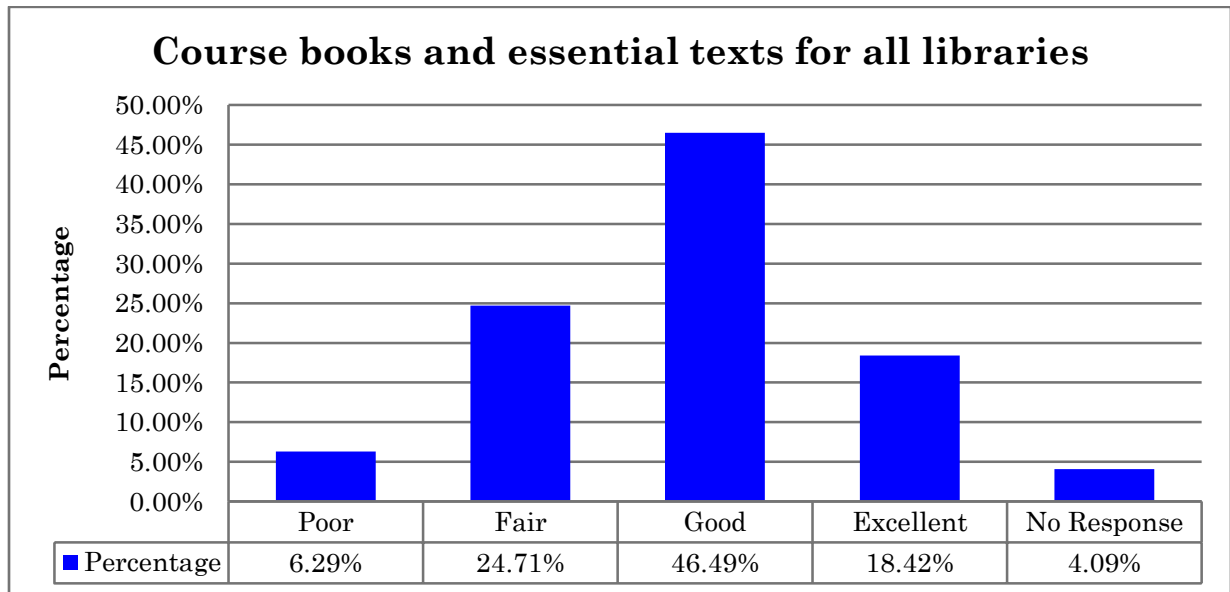

Most of the respondents indicated that range of e- resources was good there were almost 4.68% of who stated that range of e-resources is poor. Respondents specified that there is a need to increase the collection of resources.

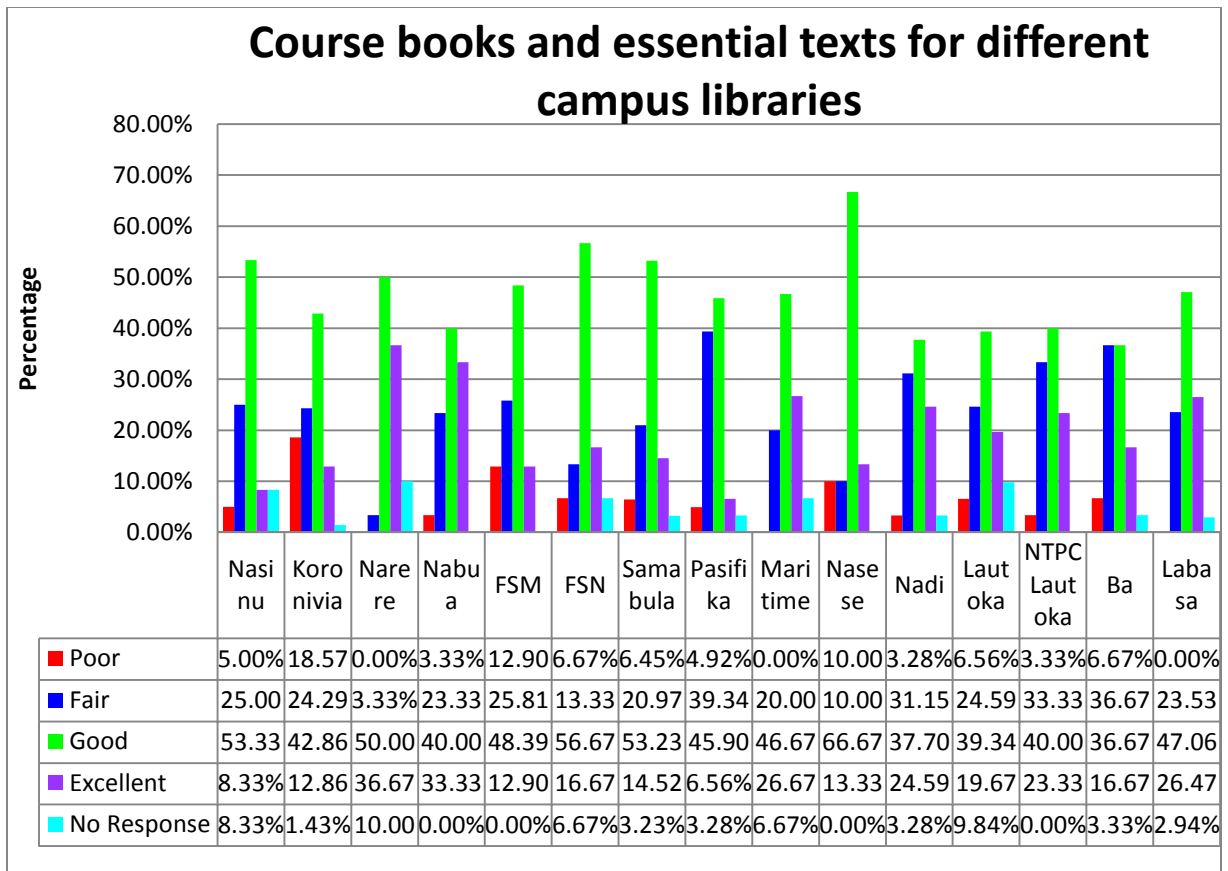

Range of e-resources for different library centers

The range of e-resources for all the fifteen campus libraries is 'good'. All the libraries have access to the all the subscribed database. The graph depicts that majority users are satisfied with the e-resources. The poor rating for e-resources is very low, however the users rated it as poor as some of the users faced difficulties accessing e-resources.

Out of 684 respondents, 46.49% stated that there was a good collection of range of course books and essential texts where else 6.29% stated that this service was poor. Students specified that there was a need for more course text books to cater for student demand.

The range of course books and essential texts is rated ‘good’ for all the fifteen library centers. The respondents gave poor rating stating that the collection needs to be upgraded.

INTERNAL CONTROL AND RISK MANAGEMENT

The Library Risk Registers should contain operational risks. Operational risks are risks that are present in the day-to-day functions and services of the Library. Every employee in the Library will have some responsibility for managing operational risks. Operational risks are recorded in risk registers and monitored by the University Librarian/Quality Liaison Officer and reported to the Risk and Compliance Office. The risk register is comprised of following:

- **Risk ID Code**
- A unique ID number is used to identify the risk.
- **Risk**
- Identifies the name of the risk of an event i.e. targets for student satisfaction not met.
- **Risk Description**

- The risk description describes the cause and result of that event, i.e.) Low results, high number of student complaints, negative results in peer observation.
- **Potential Consequences of the risk.**
- It states a brief impact of the risk on the University's operations.
- **Risk Owner**
- Risk owner is responsible for ensuring management of each specific risk, its further action and monitoring.
- **Strategic Plan Key performance indicator**
- It indicates which of the strategic plan themes the risk relates to.
- **Control Measures**
- Is the description of the current controls that are being used to constrain the risk.
- **Assessment of risk**
- Assesses the risk taking into account existing controls to manage or mitigate it that is before additional controls are put in place. It identifies the impact and likelihood of the risk.
- **Comments / Further Actions Required / Contingency Plan**
- This states further actions for planning to undertake to reduce the risk.

LAW BOOK DONATION: THE CONNECTION WITH UNIVERSITY OF MELBOURNE

The FNU library had received 313 law books from the University of Melbourne. This initiative by the Melbourne Law School, Law Research Service of the University of Melbourne has strengthened the ties with the Fiji National University. The donation has significantly expanded the range of resources for the law students. It is very important that we are actually in touch with the developing laws in other countries.

OUR GOAL 3:

**To foster cooperation
by sharing
information resources
through local,
national and
international
networks**

INTER LIBRARY LOANS – BOOKS

Inter Library Loan requests from users have increased from last year. 306 books were delivered to campus libraries as part of the Campus Delivery programme.

Campus	ILL requested by the library	ILL received by the library	Total
Nasinu	18	15	33
Nabua	0	3	3
Maritime	5	1	6
Pasifika	2	2	4
Koronivia	11	12	23
Labasa	7	6	13

Total	145	161	306

INTER LIBRARY LOANS – ARTICLES

Document Delivery is defined more as the processing of items requested and electronic versions of the articles were delivered through Document Delivery. The articles which are not available in FNU were requested from outside libraries through our networks. Document delivery as a whole delivered 98 articles requested in 2016 for the research purposes of our members. Seventeen requests were not fulfilled.

Article delivery		
Campus	No of article requested	No of article delivered
Nasinu	57	40
Koronivia	58	58
Total	115	98

ISO 9001:2015 AND 5S TRAINING

The FNU library staff attended the trainings on 5s and ISO 9001:2015. The training on ISO 9001:2015 was necessary to be carried out since FNU Library is ISO 9001:2008 certified. The ISO 9001:2008 has been revised to ISO 9001:2015 in September 2015 whereby it was mandatory for the staff to understand the changes that were made in the new standard. When an organization is ISO certified it becomes very important to use 5s tools for housekeeping, record keeping and continual improvement purposes whereby library had ensured that all library staff imparted knowledge on 5s.

OUR GOAL 4:

To maximize the use
of resources and
services in the library

CIRCULATION SERVICES

The main responsibility of the circulation service is to staff the circulation desk with friendly, courteous, and knowledgeable people who can assist library users by checking items in and out. We had a combined total of 77,279 check-ins/checkouts as recorded in our computer terminals. Answering basic informational questions, placing holds, dealing with users' concerns about their library accounts, answering the phone, registering and deregistering users, providing library clearance for students and staff, attending trading activities such as photocopying, binding, laminating and assisting users to access computers are the service of our circulation department.

REMOTE ACCESS GATEWAY

Our library's users want easy access to all of our library's resources no matter where or when they're searching. However, certain electronic resources are licensed only for authorized library users. Due to this we have deployed EzyProxy that manages remote, online access to our licensed e-content without cumbersome sign-in screens and multiple passwords.

EzyProxy is authentication software that allows our library to deliver secure online access to e-content simply and effectively. EzyProxy facilitates a single sign-in to e-content using existing FNU domain credentials, such as a username and password. The FNU Library is providing access to 16 Databases via EzyProxy. Patrons on Personal ISP can login via EzyProxy and have access to these resources without being present at any of our campuses.

NEW CONSTRUCTIONS

The FSN library new extension project began in November 2015 and completed in April 2016. The existing library had a sitting capacity of approximately 60 with 27 computers. The new library extension has increased the sitting capacity to approximately 168. The new extension has created space for the increasing number of students. The college has recently included Bachelors and Masters Programs therefore there was a need for a more space for research and studies.

WEBINARS

The Library conducted two webinars on two different topics which are mostly important for librarians' day to day work.

1. Webinar on UpToDate in the Clinical Workflow Leads to Better Outcomes, 25/10/2016

Presenter:

Join Dr. Peter Bonis, Chief Medical Officer of Clinical Effectiveness at Wolters Kluwer will outline the improved outcomes that are available when UpToDate is accessed in the clinical workflow.

Topics Covered: How clinical decisions made by healthcare providers have an impact on the quality and efficiency of care, how those decisions may be influenced by clinical decision support, how easy it is to access UpToDate in the workflow and why those decisions are important not only for healthcare organizations but from a global public health perspective.

2. Webinar on Pure and SciVal for Analysis of Research Output, 25/08/16

Presenters: Karen Clews, Research Information Manager, University of Birmingham, Martin Edling Andersson, Product Manager, SciVal and Brian Kirkengaard Lunn, Product Manager, Pure

Topics Covered: learn how combining the power of Pure and SciVal can deliver new insights on research productivity.

INFORMATION SESSION

Information session by Nerida Fearnley-Gill, Online Resources Sales Manager - Books, Taylor & Francis Group, Australia on their latest products and services at Nasinu Main Boardroom, Fiji National University, Fiji, on 3rd May 2016

REFERENCE QUERIES

Personal reference sessions (one-on-one sessions) with a student or a staff, continued to be fashionable and well-liked. 5585 reference queries were received in 2016 as indicated below. In the coming year the reference service will add Instant Messaging reference to its existing methods. Currently library facilitates for walk-up, telephonic, e-mails to reach out to our users to help them with their informational needs.

OUR BOOK BINDERY

Our bindery continuously binds, processed, and repaired books and serial publications. During 2016, 4,045 items in our collection were mended and repaired, including 3,604 books and 441 new resources. The works included in the books was strengthening of the book covers, replacing endpapers, securing loose pages, replacing torn pages. In addition, bindery section has bound 89 sets of examination papers for Archive section and bounded 12 newspaper holders for the respective libraries. Monthly binding statistics – 2016 is given below.

OUR GOAL 5:

**To provide appropriate
and adequate physical
and techno-based library
infrastructure facilities
to support teaching,
learning and research**

ICT FACILITIES IN THE LIBRARY

IT allows integration of library service, increases efficiency and enables users to have better access to information. FNU library has a world-reputed integrated library management system, called Horizon which is a product of Sirisidynix in USA. All library management activities are carried out by this library management system. The following table specifies the existing ICT capacity in the library.

Campus Library	Computers with Internet	Barcode Scanners	Printers	Flatbed Scanners	Photo-copiers	Electronic Security Gates	Wi-Fi availability
Ba	36	2	1	1	1	1	Yes
FSM Tamavua	25	2	1	0	1	1	
FSN Tamavua	50	3	1	-	1	1	Yes
Koronivia	23	2	3	1	1	1	Yes

REVAMPING THE LIBRARY WEB

The Library website was transformed in early 2016 as the old website was not user friendly and the appearance of the website was unprofessional. The ITO took the responsibility with the MIS department to give the Library a new look in the digital world.

The new Library Website was built using the same platform that the College websites were using to give it a complimentary look and some additional features were added to make it more User friendly. Features such as My Library Account, Moodle, etc. were added to enhance the reach of the Library to its Users.

My Library Account enables users to Login into the Library's database to check on their respective account for fines and infringements. It allows users to renew their resources online and also search for catalogued data. This ensures that users have 24/7 access to resources and may also update their accounts as need arises.

Moodle was integrated with the Library to ensure users do not have to click multiple links to gain access to most used data. This also provided the Users a friendly platform to work with.

SOCIAL MEDIA INTEGRATION

With continuous need for information and news, the Library included popular Social Media links on the Library Website. This helps students to instantaneously enquire regarding library facilities via Social Media Apps. Links such as Facebook and Twitter were also added to the platform. These have helped us to reach further out to the global community and advance our services to best assist the Library Users. We have also received a number of feedbacks, complaints regarding our services and we have come ahead of this and improved on areas which needed urgent attention.

OUR GOAL 6:

**To outreach and
educate wide-spread
communities in the
University and Fiji as a
whole**

**TEACHING IN THE BACHELOR OF LIBRARY AND INFORMATION
SYSTEMS PROGRAMME**

Trimesters in 2016	Unit	Lectures
1	LIS 501: Introduction to Library Science	Mr. Md Sohail
1	LIS 601: Introduction to Library Management	Ms. Sushila Lal

FNU LIBRARY DISPLAY AT SUVA SANGAM COLLEGE

The Fiji National University Library organized a display for Sadhu Kuppaswamy Day Celebration at Suva Sangam College on 2nd August 2016. The FNU Library displayed books on Indian tradition, culture, Indian migration to Fiji, Feminism and Indo Aryan religion, South Indian Arts and dance, bharatnatayam, old newspapers and the frame of past FNU campuses. Participating in this event gave an opportunity to help promote the FNU and the FNU Library as well.

INTRODUCTION OF UNIFIED SEARCH PLATFORM

The Library officially launched of its Unified Search Platform that is, provided by EBSCO Discovery Service. This platform provides a simpler, yet more effective mode of searching for materials that the university library has subscribed to. Now the users can simply enter their area of interest in the search function and EDS does all the hard work and gives a list of resources in one single place that may be coming from multiple databases.

TURNITIN MOODLE INTEGRATION

The FNU library initiated and implemented Turnitin Moodle Integration with the support of ICT Department. FNU library users can use Turnitin through their Moodle courses for detecting the degree of plagiarism and delivering comprehensive feedback by teachers on students' written work. This initiative encourages the best

practices for using and citing others written material, but also plays a significant role in lifting the quality in teaching, learning and research.

NEW ARRIVAL AND DEPARTURE OF STAFF

The following new staffs were welcomed and existed staffs were fare-welled during the year.

EXITED STAFF		
<i>Name</i>	<i>Designation</i>	<i>Library</i>
Ranita Ranjani Devi	Clerical Officer	Lautoka Library
Geeta Rao	Clerical Officer	Lautoka Library
Dharmesh Lingam	Clerical Officer	Ba Library
Fehrin Ali	Library Attendant	Samabula Library
Anita Chand	Clerical Officer	Samabula Library
Sulita Waisese	Library Assistant	Pasifika Library
Luke	Library Attendant	Pasifika Library

NEW STAFF		
<i>Name</i>	<i>Designation</i>	<i>Library</i>
Vasemaca Ravoka	Library Assistant	FSM Tamavua Library
MD Sohail	Principal Librarian	Nasinu Library
Krishneel Kunal Prasad	Clerical Officer	Lautoka Library
Rajani Mala	Library Attendant	Samabula Library
Ronika Narayan	Library Attendant	Samabula Library
