## Message from the University Librarian – Dr. Udya Shukla

My humble greetings to you all! On behalf of the library team, I would like to thank you all for your wonderful continuous support. It is the time of the year where we all share year-long sailing journey. Looking at library, the team has stood much stronger in terms of meeting user needs and demands even while away from office and working from home. Library had all the relevant resources and facilities to respond to students and staff requests. Keeping note of us being the right source of information providers that assist the students in their academic endeavors as well ensures to provide the best source of information to the academicians and researchers, library team continued to approach users and have information literacy training sessions via zoom facility. The library worked as a team to continue providing assistance to the users. Working from home even gave the team the opportunity to further develop themselves in the areas they lacked expertise through numerous online trainings. However, it wasn't as easy as it seemed, the team also encountered disruptions such as glitches with internet connectivity, not having proper chair, table or place to work, disturbances from family members, and noises. Despite the stormy ride, the team managed to achieve their set goals and objectives. Library has always anticipated to excel in providing collaborative learning experience to all its users and with support from every division, library successfully achieves its set objectives. The library team shared their success through year ending get together celebration. With this I wish you all a joyful festive season and once again my sincere gratitude to each one of you for being part of our journey and we shall continue to work towards fruitful future. Happy Holidays!
