

New Arrivals October 2020

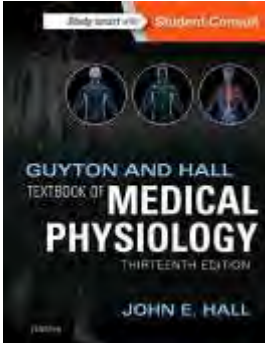

<p>1</p>	<p>Nursing Student's Maths and Medications Survival Guide</p> 	<p>Author: Kerry Reid-Searl, Trudy dwyer, Lorna Moxham, Jo Reid-Speirs</p> <p>Description: For undergraduate nursing students and beginning graduate registered nurses. A practical understanding of basic mathematical principles is critical for nurses as the correct and safe administration of medication depends upon a nurse's ability to both calculate doses and measure medications correctly. This pocket-sized Survival Guide is designed as a quick reference to assist nurses in calculations and medication administration. Nursing students are provided with prompts and guidelines pertaining to information necessary to administer medications safely.</p> <p>Location- FSN [5 copies]</p> <p>OPAC Link: Click Here</p>	<p>CMNHS</p>
<p>2</p>	<p>Nursing Student's Clinical Survival Guide</p> 	<p>Author: Kerry Reid-Searl, Trudy dwyer, Lorna Moxham, Jackie Ryan</p> <p>Edition: 2nd</p> <p>Description: The Nursing Student's Clinical Survival Guide contains information that nursing students need to access quickly and with accuracy. This pocket-sized guide contains common Australian terminology, standard abbreviations, drug calculations, reference to commonly used drugs, fluid levels and essential CPR procedures, among many other essential elements of nursing. New to this edition: a section on</p>	<p>CMNHS</p>

		<p>manual handling; updated section on wound care; diagrams illustrating pain assessment.</p> <p>Location- FSN [3 copies]</p> <p>OPAC Link: Click Here</p>	
3	<p>Diseases of the Liver and Biliary Tract</p> 	<p>Editors: Gary Gitnick, Douglas R. LaBrecque, Frank G. Moody</p> <p>Description: The book provides an authoritative discussion of pathophysiology of each of the disease processes discussed and an understanding of liver function. The laboratory and clinical manifestations of liver disease are discussed and diagnostic and treatment strategies are documented.</p> <p>Location- Pasifika [1 copy]</p> <p>OPAC Link: Click Here</p>	CMNHS
4	<p>Goth's Medical Pharmacology</p> 	<p>Authors: D. Craig Brater, Alice R. Johnson, Wesley G. Clark</p> <p>Edition: 13th</p> <p>Description: Covers the general principles of importance to understanding how drugs are applied to management of medical problems, and provides information about the actions, uses, adverse effects, kinetic properties and toxicology of all widely used drugs.</p> <p>Location- Pasifika [1 copy]</p> <p>OPAC Link: Click Here</p>	CMNHS
5	<p>Fundamentals Of Automotive Technology: Principles and Practice</p>	<p>Author: Kirk Vangelder</p> <p>Description: Based on the 2012 National Automotive Technicians Education Foundation (NATEF) Automobile Accreditation Tasks Lists, Fundamentals of Automotive Technology offers comprehensive coverage of every task with clarity and precision in a concise format that ensures student comprehension and encourages critical thinking. Automotive technicians need to know how to safely and effectively perform maintenance, diagnose, and repair</p>	NTPC

		<p>automobiles. Fundamentals of Automotive Technology provides all of the critical knowledge and skills necessary for technicians to perform these essential tasks</p> <p>Location- Naceva [1 copy]</p> <p>OPAC Link: Click Here</p>	
6	<p>Light Vehicle Tasksheet Manual for NATEF Proficiency</p> 	<p>Author: Kirk Vangelder</p> <p>Edition: 2013 NATEF Edition</p> <p>Description: Is designed to guide students through the tasks necessary to meet National Automotive Technicians Education (NATEF) requirements for Automotive Service Excellence, Maintenance and light Repair, Automotive Service Technician's and Master Automotive Service Technicians Certification. Organized by ASE topic area companion tasks are grouped together for more efficient completion and are clearly labeled with CDX and NATEF task numbers and the NATEF priority level to help students easily manage responsibilities.</p> <p>Location- Naceva [1 copy]</p> <p>OPAC Link: Click Here</p>	NTPC
7	<p>Fundamentals Of Automotive Technology Student Workbook</p> 	<p>Author: Kirk Vangelder, Christopher W. Benson</p> <p>Edition: Revised 1st Edition</p> <p>Description: Reinforces what students learn in both Fundamentals of automotive technology: principles and practice and in the classroom. the activities encourage critical thinking and aid comprehension. Critical thinking skills are enhanced through ASE-Type questions/ Fill in the Blank activities/ Skill drill and labeling activities. Perforated pages make it easy for students to hand in homework assignments.</p> <p>Location- Naceva [1 copy]</p> <p>OPAC Link: Click Here</p>	NTPC

<p>8</p>	<p>Model course 1.19: Proficiency in Personal Survival Techniques</p> 	<p>Author: International Maritime Organization</p> <p>Edition: 2019</p> <p>Description: To provide trainees with guidance and information to gain knowledge, understanding and proficiency required to achieve the objectives of the learning outcomes to demonstrate their competence in personal survival techniques in accordance with section A-VI/1 of STCW code.</p> <p>Location- Maritime [1 copy]</p> <p>OPAC Link: Click Here</p>	<p>CEST</p>
<p>9</p>	<p>Model Course 1.08 Radar Navigation at Management Level (Radar, ARPA, Bridge Teamwork and Search and Rescue)</p> 	<p>Author: International Maritime Organization</p> <p>Edition: 2019</p> <p>Description: This course provides training in use of radar, automatic radar plotting aid and Target tracking and Automatic identification system reporting functions, bridge teamwork and search and rescue for trainees at the management level on ships fitted with radar equipment. This course takes account of IMO model courses 1.07 and 7.03 and includes the training related to acquiring and applying radar resources to manage proper command decision-making with regard to safe navigation and successful search and rescue to meet the mandatory requirements relating to the radar system.</p> <p>Location- Maritime [1 copy]</p> <p>OPAC Link: Click Here</p>	<p>CEST</p>
<p>10</p>	<p>Operations Strategy</p>	<p>Authors: Slack Lewis, Nigel Slack</p> <p>Edition: 5th</p> <p>Description: Provides a clear, well-structured and interesting insight into the subject. This book applies some of the ideas of operations strategy to a variety of businesses and organizations. The text ensures a</p>	<p>CAFF</p>

		<p>comprehensive coverage of the important ideas and issues that are relevant to most companies.</p> <p>Location- Koronivia [2 copies]</p> <p>OPAC Link: Click Here</p>	
11	<p>ABC of Eyes</p> 	<p>Author: Peng T. Khaw, Andrew R. Elkington, Peter Shah</p> <p>Edition: 4th</p> <p>Description: Many advances in the treatment of eye conditions have taken place since the third edition of ABC of Eyes was published. This book takes a symptom-based approach to the treatment and diagnosis of eye problems. It has been fully updated with an expanded version of the chapter on refractive errors and sections on glaucoma rewritten. Two new chapters have been added on age-related macular degeneration and the global impact of eye disease.</p> <p>Location- Pasifika [6 copies], TCL [10 copies], FSN [10 copies]</p> <p>Accompany: DVD</p> <p>OPAC Link: Click Here</p>	CMNHS

<p>12</p>	<p>Guyton and Hall Textbook of Medical Physiology</p> 	<p>Author: John E. Hall</p> <p>Edition: 13th</p> <p>Description: The 13th edition of Guyton and Hall Textbook of Medical Physiology continues this bestselling title's long tradition as the world's foremost medical physiology textbook. Unlike other textbooks on this topic, this clear and comprehensive guide has a consistent, single-author voice and focuses on the content most relevant to clinical and pre-clinical students. The detailed but lucid text is complemented by didactic illustrations that summarize key concepts in physiology and pathophysiology</p> <p>Location- Pasifika [43 copies]</p> <p>OPAC Link: Click Here</p>	<p>CMNHS</p>
<p>13</p>	<p>Advanced Sustainable Forest Management</p> 	<p>Editor: Aduardo Hapke</p> <p>Description: The implementation of SFM is usually achieved with the help of criteria and indicators (C&I). A number of countries have developed their own sets of C&Is. The book covers some of the current researches carried out to test the recent indicators, to look for new indicators and to establish new markers. It contains original research studies on biodiversity, carbon & forest resources, forest health and productive & protective functions. These studies highlight the recent researches done to provide forest managers with effective tools for choosing between distinct management strategies of improving indicators of SFM.</p> <p>Location- Koronivia [2 copies]</p> <p>OPAC Link: Click Here</p>	<p>CAFF</p>
