Sadock</p> <p>Edition: 10th</p> <p>Description: Concise overview of the entire field of psychiatry is a staple board review text for psychiatry residents and is popular with a broad range of students in medicine, clinical psychology, social work, nursing, and occupational therapy, as well as practitioners in all these areas. The book is DSM-IV-TR compatible and replete with case studies and tables, including ICD-10 diagnostic coding tables.</p> <p>Location- Pasifika [1 copy]</p> <p>OPAC Link: Click Here</p>	<p>CMNHS</p>

<p>3</p>	<p>Basic Epidemiology</p> 	<p>Author: R Bonita, R Beaglehole, Tord Kjellstr. m</p> <p>Description: The second edition provides updated examples of how and why the basics of epidemiology are essential to anyone who is required to understand and apply the principles of disease causation and prevention. The book has a particular emphasis on modifiable environmental factors and encourages the application of epidemiology to the prevention of disease and the promotion of health, including environmental and occupational health. It prepares members of the health-related professions to respond to the need for health services to address all aspects of the health of populations, and to ensure that health resources are used to the best possible effect. It shows how good clinical practice is informed by clinical epidemiology; and its lively, concise style is designed to stimulate a continuing interest in the subject</p> <p>Location-Pasifika [20 copies], FSN [4 copies], TCL [20 copies]</p> <p>OPAC Link: Click Here</p>	<p>CMNHS</p>
<p>4</p>	<p>Principles and Practice of Surgery</p> 	<p>Editor: O. James Garden, Rowan W. Parks</p> <p>Description: A three-section textbook of surgical principles and regional clinical surgery. The textbook presents a comprehensive account of international surgical practice, taking into account variations in the disease patterns and management approaches throughout the world. Superbly presented with line drawings, high quality radiographic images and colour photographs. A new chapter on evidence-based practice and professional development. The text gives a global emphasis on epidemiological and cultural issues such as problems associated with directed transfusion of blood products from first degree relatives, the issues of informed consent and patient autonomy</p> <p>Location- Pasifika [28 copies]</p> <p>OPAC Link: Click Here</p>	<p>CMNHS</p>

<p>5</p>	<p>Model course 1.40 : Use of leadership and managerial skills</p> 	<p>Author: International Maritime Organization</p> <p>Edition: 2018</p> <p>Description: Successful completion of this course enables seafarers to meet the mandatory minimum standards of competence in the use of leadership and managerial skills specified in Function: Controlling the operation of the ship and caring for persons on board at the management level in tables A-II/2 and A-III/2 of the STCW Code.</p> <p>Location- Maritime [1copy]</p> <p>OPAC Link: Click Here</p>	<p>CEST</p>

<p>7</p>	<p>Model course 1.34 : automatic identification systems (AIS)</p> 	<p>Author: International Maritime Organization</p> <p>Edition:2019</p> <p>Description: This course provides information on the generic use of AIS, and is designed for officers in charge of a navigational watch on ships that are fitted with such equipment. Its main aims are to increase safety and security and to protect the environment by giving instruction on the understanding and safe use of such systems, including illustrations of dangerous or improper use. This model course aims to meet the mandatory minimum requirements for knowledge, understanding and proficiency in table A-II/1 of the</p>	<p>CEST</p>

		<p>STCW Code and takes into account all relevant IMO resolutions and guidelines on AIS available at the time the model course was prepared.</p> <p>Location- Maritime [1 copy]</p> <p>OPAC Link: Click Here</p>	
8	<p>Model course 1.44 : Safety training for personnel providing direct service to passengers in passenger spaces</p> 	<p>Author: International Maritime Organization</p> <p>Edition:2018</p> <p>Description: This model course aims to meet the mandatory minimum requirements for the training of personnel providing direct service to passengers in passenger spaces on board passenger ships specified in regulation V/2 and section A-V/2 of the STCW Code. On successful completion, trainees should be able to communicate with passengers during an emergency, demonstrate personal life-saving appliances and embark and disembark passengers, in particular caring for those needing special assistance.</p> <p>Location- Maritime [1 copy]</p> <p>OPAC Link: Click Here</p>	CEST
9	<p>Screen dependency disorder : prevalence of screen viewing in children aged 0-2 years in Suva : a mixed method study</p> 	<p>Author: Nileshi Devi</p> <p>Description: Discretionary screen time is now the main walking activity of children. A lifestyle factor as relevant to health as nutrition and physical activity. Screen –viewing (that is watching television/ DVDs/videos and computer use or smartphones, games console or tables) among children has become a growing public health concern. Screen time has been linked to a number of pediatrics health determinants and outcomes including higher risk of obesity, poor metabolic profile, poor fitness later in life, violent and aggressive behavior, poor cognitive development (eg poor short term memory skills, poor reading, and language and mathematics development) and adverse psychosocial health.</p> <p>Location- TCL [1 copy]</p>	CMNHS
