

VICE-CHANCELLOR'S EASTER MESSAGE

Ni sa bula vinaka, Namaste, and Greetings!

It is Easter!

As Easter approaches, we are reminded of the profound significance this time holds for us, particularly in Fiji and the Pacific region. It is a time when communities gather around shared meals, celebrating life, renewal and the strengthening of connections that bind us together.

Easter symbolises the pivotal events of the crucifixion, burial, and resurrection of Jesus Christ, who bore the weight of the world's sins on his shoulders. This narrative carries powerful messages of hope, renewal, redirection, and the rebuilding of lives and relationships.

During this season of reflection and gratitude, let us embrace these values and strive to embody them in our actions towards one another.

This carries many good messages: hope, renewal, redirection, rebuilding lives and relationships and the importance of sacrifice for the good of all.

This message transcends the Christian faith and is one that can be freely shared with everyone, regardless of our different backgrounds.

For our brothers and sisters who suffered from the recent adverse weather conditions and extreme weather and climate conditions around the world, I particularly prayed for peace, love, and blessings of Easter.

May Easter give us all peace, safety, human dignity, and joy.

At the FNU: To allow students and staff the opportunity to prepare for the long weekend, the university will be closed for half a day (12pm) this Thursday 28 March 2024.

Once again, I wish you all a safe and blessed Easter and a restful break. I am hoping you can rest a little and take a moment to pause and reflect.

Happy Easter!

Professor Unaisi Nabobo-Baba
Vice-Chancellor
Fiji National University
