1	<p>Biomarkers in Inborn Errors of Metabolism: Clinical Aspects and Laboratory Determination</p> 	<p>Authors: Uttam Garg and Laurie D. Smith</p> <p>Description: The book guides on selecting laboratory tests and interpreting results for patients with suspected inherited metabolic diseases. It covers patient diagnosis, follow-up, metabolic pathways, genetics, treatment, and prognosis of inherited metabolic diseases. Each chapter has a uniform format, including a brief description of the disorder and pathway, treatment, biomarkers for diagnosis and treatment efficacy, biomarkers for disease progression, and confounding conditions.</p> <p>Location- TCL [14 copies], Nabua [5 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS, CETVET
2	<p>Kinn's The Administrative Medical Assistant An Applied Learning Approach</p> 	<p>Authors: Deborah B. Proctor</p> <p>Description: Provides you with the real-world administrative skills essential to working in the modern medical office. An applied learning approach to the MA curriculum is threaded throughout each chapter to help you further develop the tactile and critical thinking skills necessary in today's healthcare setting paired with our adaptive solutions, EHR documentation, and ICD-10.</p> <p>Location- Pasifika [14 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
3	<p>Light Duty Hybrid and Electric Vehicles</p> 	<p>Authors: Mark L. Quarto, Nicholas Goodnight.</p> <p>Description: Light Duty Hybrid and Electric Vehicles provides students with the building blocks necessary to become highly competent entry-level technicians. This title breaks down the different types of vehicle systems to their most fundamental components and then builds on that knowledge to bring the learner up to speed on cutting-edge topics and systems.</p> <p>Location- Samabula [4 copies]</p> <p>OPAC Link: Click Here</p>	CETVET
4	<p>World Regional Geography: Global Patterns, Local Lives</p> 	<p>Author: Lydia Mihelic Pulsipher</p> <p>Description: World Regional Geography shows the rich diversity of human life and demystifies global issues by representing the daily lives of men, women, and children in the various regions of our globe. The eighth edition continues to make these global issues accessible to students through a thematic framework, new learning outcomes and new end of chapter support for students.</p> <p>Location- Lautoka [5 copies]</p> <p>OPAC Link: Click Here</p>	CHE

5	Hematopathology 	Editor: Eric D. His Description: The third edition of Hematopathology is an essential resource for residents and pathologists. It combines traditional morphologic diagnostic pathology with clinical, immunohistochemical, and molecular genetic information in an easy-to-use format. Key facts are summarised in quick-reference boxes, and the book includes numerous full-colour images to aid in forming a differential diagnosis and comparing findings with real cases. Location- Pasifika [18 copies] OPAC Link: Click Here	CMNHS
6	Medical-Surgical Nursing: Assessment and Management of Clinical Problems 2 Volume Set 	Author: Sharon Mantik Lewis Description: Learn how to become an exceptional caregiver in today's evolving healthcare environment. This 2-volume set offers up-to-date coverage of the latest trends, hot topics, and clinical developments in the field. Completely revised and updated content explores patient care in various clinical settings and focuses on key topics such as patient safety, NCLEX exam preparation, evidence-based practice, and teamwork. Location- FSN [23 copies] OPAC Link: Click Here	CMNHS
7	Introduction To Radiologic And Imaging Sciences And Patient Care 	Editors: Arlene M. Adler and Richard R. Carlton. Description: Learn the professional and patient care skills you need for clinical practice. Using a clear and concise format, this book meets the standards set by the American Society of Radiologic Technologists (ASRT) Curriculum Guide and the American Registry of Radiologic Technologists (ARRT) Task List for certification examinations. Updates on current digital imaging and instrumentation provide you with the important information you need for clinical success. Location- Pasifika [4 copies] OPAC Link: Click Here	CMNHS
8	Gynecologic Pathology: A Volume in the Series: Foundations in Diagnostic Pathology 	Editors: Marisa R. Nucci, Esther Oliva, John R. Goldblum. Description: This new title in the Foundations in Diagnostic Pathology series offers today's most essential gynecologic pathology know, for each pathologic entity examined, you will find discussions of clinical features, pathologic features (gross and microscopic), as well as ancillary studies, differential diagnosis, and prognostic and therapeutic considerations. Location- Pasifika [2 copies] OPAC Link: Click Here	CMNHS

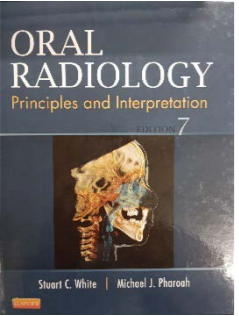

9	ExpertDDx: Brain and Spine 	Author: Miral D. Jhaveri Description: Now fully revised and up-to-date, Expert DDx: Brain and Spine, second edition, quickly guides you to the most likely differential diagnoses based on key imaging findings and clinical information. It presents more than 250 top differential diagnoses across a broad spectrum of central nervous system diseases, encompassing specific anatomic locations, generic imaging findings, modality-specific findings, and clinically based indications. Location- Pasifika [20 copies] OPAC Link: Click Here	CMNHS
10	Handbook of Neuro-emergency Clinical Trials 	Editors: Brett E. Skolnick, Wayne M. Alves Description: Handbook of Neuroemergency Clinical Trials, Second Edition, focuses on the practice of clinical trials in acute neuroscience populations, or what have been called neuroemergencies. Neuroemergencies are complex, life-threatening diseases and disorders, often with devastating consequences, including death or disability. The overall costs are staggering in terms of annual incidence and costs associated with treatment and survival, yet despite their significance as public health issues, there are few drugs and devices available for definitive treatment. Location- Pasifika [10 copies] OPAC Link: Click Here	CMNHS
11	Ferri's Clinical Advisor 2020 	Author: Fred F. Ferri Description: Significantly updated with the latest developments in diagnosis and treatment recommendations, Ferri's Clinical Advisor 2020 features the popular "5 books in 1" format to organise vast amounts of information in a clinically relevant, user-friendly manner. This efficient, intuitive format provides quick access to answers on 1,000 common medical conditions, including diseases and disorders, differential diagnoses, and laboratory tests all reviewed by experts in key clinical fields. Location- Pasifika [4 copies] OPAC Link: Click Here	CMNHS
12	Fiji National University: Prospectus 2024 	Author: Fiji National University Description: The Prospectus contains comprehensive information on academic programmes and student life at FNU's campuses. Location- Pasifika [2 copies], TCL [1 copy], FSN [1 copy], Nasese [1 copy], FMA [1 copy], Samabula [2 copies], Nabua [1 copy], Nasinu [2 copies], Narere [1 copy], FCA [1 copy], Labasa [2 copies], Ba [1 copy], Lautoka [2 copies], Namaka [1 copy], Naceva [1 copy] OPAC Link: Click Here	CMNHS, CHE, CETVET, CAFF, CBHTS, NTPC, PCMS

13	<p>Catalogue of Admiralty Charts and Publications: NP 131</p> 	<p>Author: UK Hydrographic Office</p> <p>Description: A comprehensive catalogue detailing all available ADMIRALTY Maritime Data Solutions. The catalogue is revised in December every year. A supplement is supplied with each copy to bring the catalogue up to date with any subsequent changes.</p> <p>Location- FMA [2 copies]</p> <p>OPAC Link: Click Here</p>	PCMS
14	<p>Principles and Practice of Psychiatric Nursing</p> 	<p>Author: Gail Wiscarz Stuart</p> <p>Description: This book provides a holistic, biopsychosocial approach to psychiatric nursing care. It follows the popular Stuart stress-adaptation framework and includes comprehensive coverage to simplify important nursing and medical concepts, promote quality and safety in care, and address psychobiology and psychopharmacology topics integral to today's psychiatry. New to this edition is a chapter on psychiatric care of military personnel, plus the latest on health care reform, prescription abuse, and obesity issues. Written by a psychiatric nursing expert.</p> <p>Location- FSN [1 copy]</p> <p>OPAC Link: Click Here</p>	CMNHS
15	<p>Nursing Key Topics Review: Mental Health</p> 	<p>Description: Nursing Key Topics Review: Mental Health quickly reviews the psychiatric nursing information you need to know. More concise and less overwhelming than a textbook, this review simplifies essential concepts with bulleted lists, summary tables, and clear illustrations. So that you can check your understanding, review questions follow important topics — and always include correct answers and rationales.</p> <p>Location- FSN [21 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
16	<p>Nursing Research - Binder Ready: Methods and Critical Appraisal for Evidence-Based Practice</p> 	<p>Editors: Geri LoBiondo-Wood, Judith Haber</p> <p>Description: This is the perfect resource to help ground you in the processes behind nursing research and evidence-based practice. This edition has been thoroughly updated and refocused to match better the needs of the nurse who will read and apply research rather than conduct research, it also features new research examples and vignettes; easy-to-use navigation tools, enhanced readability, expanded information on interprofessional collaboration and evidence-based practice; and well-balanced coverage of both qualitative and quantitative research methods.</p> <p>Location- FSN [18 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS

17	<p>Molecular Basis of Nutrition and Aging</p> 	<p>Editors: Marco Malavolta, Eugenio Mocchegiani.</p> <p>Description: Molecular Basis of Nutrition and Aging: A Volume in the Molecular Nutrition Series focuses on the nutritional issues associated with ageing and the important metabolic consequences of diet, nutrition, and health. The book is subdivided into four parts that reflect the impact of nutrition from a biomolecular level on individual health.</p> <p>Location- TCL [6 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
18	<p>Remote sensing and GIS</p> 	<p>Author: Basudeb Bhatta</p> <p>Description: Beginning with the history and basic concepts of remote sensing and GIS, the book gives an exhaustive coverage of optical, thermal, and microwave remote sensing, global navigation satellite systems.</p> <p>Location- Lautoka [4 copies]</p> <p>OPAC Link: Click Here</p>	CHE
19	<p>Cultivation of Tropical, Subtropical Vegetables, Spices, Medicinal and Aromatic Plants</p> 	<p>Authors: NIIR board of consultants and engineers</p> <p>Description: This book discusses the cultivation of plant spices in tropical countries, whether on small-scale family farms or commercial farms. These spices are used to produce food for humans or livestock and are found in both dry and humid regions. The variety of vegetable plants includes a large number of annual plants, which have edible parts such as leaves, stems, flowers, fruits, and roots. Vegetables are rich in nutrients and are an essential part of a balanced diet, often referred to as protective foods because their consumption can help prevent several diseases.</p> <p>Location- FCA [2 copies]</p> <p>OPAC Link: Click Here</p>	CAFF
20	<p>Fruits : Tropical and Subtropical</p> 	<p>Editors: T.K. Bose, S.K. Mitra, D. Sanyal</p> <p>Description: In addition to revising with the latest scientific information on various aspects of fruit, emphasis has been placed on important features of growth and development, cultivars, breeding, and improvement through biotechnological approaches. The recent trends in fruit cultivation, particularly in orchard management, tissue analysis and nutrition, water management and drip irrigation, improved methods of harvesting and postharvest handling have also been included.</p> <p>Location- FCA [1 copy]</p> <p>OPAC Link: Click Here</p>	CAFF

21	Developmental Juvenile Osteology 	<p>Editors: Craig Cunningham, Louise Scheuer, Sue M Black</p> <p>Description: Developmental Juvenile Osteology was created as a core reference text to document the development of the entire human skeleton from early embryonic life to adulthood. In the period since its first publication there has been a resurgence of interest in the developing skeleton. The main core of the text persists by describing each component of the human skeleton from its embryological origin to its final adult form.</p> <p>Location- Pasifika [12 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
22	Robbins & Cotran Atlas of Pathology 	<p>Author: Edward C. Klatt</p> <p>Description: The full-color Robbins and Cotran Atlas of Pathology offers more than 1,500 outstanding illustrations that vividly depict the most common diseases covered in pathology courses and USMLE exams. It's a quick visual reference or review for students and professionals alike. Quickly compare gross, microscopic, and radiologic images with examples of normal organs and tissues.</p> <p>Location- Pasifika [10 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
23	Introduction to Radiologic Technology 	<p>Authors: LaVerne Tolley Gurley, William J. Callaway.</p> <p>Description: offers a solid overview of your exciting career as a radiologic technologist. After covering basic learning skills, this guide provides a historical perspective on radiology and insight into key topics such as the language of medicine, digital and conventional imaging, patient care, and radiation safety. Expert authors describe the classes you will take in your radiography program, the latest changes in the Registry exam, what will be required in the practice setting, and your opportunities for advancement throughout your career.</p> <p>Location- Pasifika [52 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
24	Principles and Practice of Laser Dentistry 	<p>Author: Robert A. Convissar</p> <p>Description: The new edition of Principles and Practice of Laser Dentistry contains everything you need to know about the latest laser procedures across all areas of dentistry. With vivid clinical photos and easy-to-follow writing. The book also covers topics such as the history of lasers in dentistry, laser research, the latest laser equipment, and how to go about incorporating lasers into your practice, so that you are fully equipped to use lasers successfully in your treatments.</p> <p>Location- Pasifika [11 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS

25	Occupational Therapy for Children and Adolescents 	<p>Authors: Jane Case-Smith, Jane Clifford O'Brien</p> <p>Description: Focusing on children from infancy to adolescence, Occupational Therapy for Children and Adolescents, 7th Edition provides comprehensive, full-color coverage of pediatric conditions and treatment techniques in all settings. Its emphasis on evidence-based practice includes updated references, research notes, and explanations of the evidentiary basis for specific interventions.</p> <p>Location- Pasifika [8 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
26	Diagnostic Imaging: Brain 	<p>Editors: Anne G. Osborn, Karen L. Salzman, Miral D. Jhaveri</p> <p>Description: This book provides carefully updated information in a concise, bulleted format, keeping you current with new disease entities and syndromes, MR imaging techniques and applications, and pathology relevant to brain imaging. Succinct text, outstanding illustrations, and up-to-date content make this title a must-have reference for neuroradiologists, general radiologists, neurologists, and neurosurgeons.</p> <p>Location- Pasifika [8 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
27	Fundamentals of Nursing 	<p>Authors: Patricia A. Potter, Anne Griffin Perry, Patricia A. Stockert, Amy M. Hall; section editor Wendy R. Ostendorf.</p> <p>Description: This bestselling nursing textbook helps you develop the understanding and clinical reasoning you need to provide excellent patient care. 51 skills demonstrations provide illustrated, step-by-step instructions for safe nursing care and include rationales for each step.</p> <p>Location- FSN [12 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
28	Clinical Dermatology: A Color Guide to Diagnosis and Therapy 	<p>Author: Thomas P. Habif</p> <p>Description: Identify, treat, and manage the full range of skin diseases with guidance from Clinical Dermatology: A Color Guide to Diagnosis and Therapy the world's leading dermatology manual. Clean formatting, easy indexing, and exceptional colour images make this an indispensable source for definitive, state-of-the-art answers on every aspect of dermatologic care.</p> <p>Location- Pasifika [4 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS

29	<p>Oral Radiology: Principles and Interpretation</p> 	<p>Author: Stuart C. White & Michael J. Pharoah.</p> <p>Description: The book provides a means for clinicians to develop a quality control by comparing images to the gold standard in terms of geometry and contrast, subsequently furthering competency and thus attaining the maximal diagnostic yield possible when exposing to ionising radiation. This is a valuable source of information that should be in the armamentarium of any dentist in training or wanting to develop their competence in oral radiology.</p> <p>Location- Pasifika [16 copies]</p> <p>OPAC Link: Click Here</p>	CMNHS
