

# VICE-CHANCELLOR'S WEEKLY MESSAGE

April 20 - 24

Bula vinaka colleagues and students,

We have now reached Week 11 of Semester 1, a critical point in our academic calendar. Our academic staff are diligently preparing examination papers, while our students should now be fully focused on revising and preparing for upcoming short tests and final examinations. I encourage all students to stay disciplined, manage your time well, and seek support where needed as you approach this important period.

In just two weeks' time, we will proudly host our graduation here in Suva, where more than 2,000 students will celebrate the successful completion of their academic journeys. This is a significant milestone for our university, and preparations are already well underway.

I would like to acknowledge and thank our Senior Leadership Team, Management, Heads of College, Heads of Department, and our

dedicated Estates and Facilities staff who have been working tirelessly behind the scenes to ensure everything is in place. Your commitment and long hours do not go unnoticed.

To all our staff across various departments, vinaka vakalevu for your continued hard work and dedication. I trust that we are all keeping up with our responsibilities as we move through this busy period.

I would also like to recognise our team in Naiyaca. Operations in the North continue to progress strongly, and I commend our staff and students there for their resilience and teamwork in keeping everything running smoothly.

As we move into the examination period, I wish all our students the very best. Stay focused, give your best effort, and finish the semester strong.

Vinaka vakalevu and Be Blessed!!

*Professor Unaisi Nabobo-Baba*
